Notes for ABIA CHIPPS:

1875 Sullivan, IL. lists Abia Chipps as living in section 2 Sullivan Township, employed as a Traveling Agent for Singer Sewing Machine Co.

The 1880 census shows America's father William living on Abia's farm, as well as 2 farm laborers and 1 servant.

The following Biographical sketch of Abia Chipps appeared in the publication listed below:
Portrait and Biographical Record of Shelby and Moultrie Counties, Illinois, 1891 - p. 206

Located in the fertile valley of Jonathan Creek, is a farm of four hundred acres, located on Section 15, of the township, which takes its name from the water supply. Picturesque and beautiful are the meadows, pasture, orchard and woodlot of the farm, and happy should be the owner of so fine a place. The fortunate man, who is possessor of this land, is he whose name is at the head of this sketch. He settled in the county in the fall, November 26, 1858, and since that time, has here made his residence, applying his time and attention to the up building and cultivation not only of his own possessions, but also to the improvement and the elevation in tone, of the whole community.

Abia Chipps was born in Harrison County, W.V., June 8, 1852, and is a son of Asa W. and Melvina E. (Duvall) Chipps, natives respectively of Morgan and Harrison Counties, W. Va. They were married in their Native State, in 1851. The family came to this county in 1858, and purchased eighty acres of raw land. This is now beautified and made valuable by a fine walnut grove which was planted by our subject. The mother of the family died April 1, 1863. She had six children, of whom four lived to be grown. They are Abia, Kate, Adie and Jefferson E. Kate is now the widow of John Landers; Adie is the wife of R.D. Curd, and resides in Des Moines, Iowa; Jefferson E. operates a farm of his own.

Our subject's father was a second time married, this union being with Mrs. Mary S. Adams nee Barton, and in 1877, he removed with his family to Columbia, Mo., remaining there for fourteen years and then returned to this county. By her previous marriage, Mrs. Chipps, Sr., was the mother of one son, whose name was James Williams. Politically the father was a Democrat, and held local office.

Our subject was reared on a farm and educated at the Academy of Mount Zion, Ill. A thoughtful young man, fond of study and of original research, he developed a liking for pedagogic work, and engaged for some time in teaching, in which he continued even two years after his marriage, which was solemnized January 1, 1877, his bride being Miss America E. Lilly, who was born in this county. After marriage our subject purchased eighty acres of land, and this amount with its proceeds, he so carefully husbanded, that he is now the owner of four hundred acres of land. He is engaged in the business of stock raising, which he finds very profitable, bringing much of his stock to the metropolitan markets.

Our subject and his wife are the parents of seven children, whose names are as follows: Hallie, Willis;

Clifford, who is deceased; Raymond, Earl, Alta and Paul. Politically our subject is a member of the Democratic party. He has been Supervisor of the township for five terms, and has held various minor local offices. Socially he is a member of the Independent Order of Odd Fellows.

Notes for RICHARD EARL CHIPPS:

At the age of twelve Richard (Dick) started working for Morris Greenberg at the G & W Market at Monroe and Collingwood in Toledo. He ran errands and cleaned the store for Mr. Greenberg who has in many respects like a second father figure. At one point well before his sixteenth birthday, Mr. Greenberg asked if Dick knew how to drive. "No", came the answer. "Well it's time to learn". A quick explanation of a clutch and gear shift followed, with directions for a delivery. Dick never got a drivers licence until after returning from WW II. Mr. Greenberg often let Dick use his car for personal use, including a trip to Detroit with friends to see the Big Bands of the time. Dick kept in touch with Mr. Greenberg through out his life. Mr. Greenberg trusted Dick and said that he never tried to steal from him.

Richard served in WWII, in the 83rd Infantry Division, 331st Reg, "L" Company as a First Sergeant. He spent 288 days on the front line, receiving two Purple Hearts, a Bronze and a Silver Star for gallantry in action. Dick said that the war had little to do with who he was. However I believe it had a profound impact on how he chose to live his life.

Dick used his V.A. Loan for his parents to buy a home on Putman.

Dick worked for Ohio Bell after the war as an estimate assigner. He always answered his phone "7442 Chipps". The site of the big 20 foot diameter revolving wheel with the department binders and records near Dads desk, and the small wooden cube with family photos labeled Chipps off the old block remains vivid. At one time in the late 60's he was department head. However he gave that position up rather than purposely under rate employees on annual evaluation forms as management had requested. He retired in 1984.

Dick broke his leg in a fall on ice in January 1983, spending 16 weeks in the Hospital. It was June before he could walk with the assistance of a walker. However the first week of July found him dancing to Big Band Music with Midge, walker and all. Before the year was over, he had remodeled the basement, including installation of a drop ceiling, all before he could walk unaided. Dick was the kind of man others came to when troubled about an up coming election.

Notes for MARIAN RUTH BUSER:

Most people know her as Midge. She worked at Ohio Bell, Toledo Edison, First Federal and as a Real Estate Agent.

On Thanksgiving evening November 22, 1945 Marian took the Lincoln Street bus to 1821 Glenwood, the home of a co-worker at Ohio Bell. She was going to spend the evening with Jean and her husband Larry Jones, as well as Jean's brother Richard Chipps.

Housing being scarce after the war, Jean lived with her parents. Marian was sitting on a stool when Richard came back from visiting friends. He was in his Army uniform and looked so tall.

Jean later said that she could see sparks flying in both directions. They went to a club called "Ka-sees" on Lagrange Street. After a fun evening watching the shows, Richard escorted Marian to her families home in a cab. "Oh Boy could he Kiss".

Just over a year later Midge and Dick arranged to meet at the Lucas County Court House to get their Marriage License at lunch time. It was during an ice storm, with many power lines and tree branches down. The department official commented, "You must really want to get married coming out in this weather".

Midge's father Jacob was a quiet man, not inclined to show his emotions. But during her wedding service as he gave her hand, Jacob turned and said, "Take care of her Dick, she's a good girl". Midge was almost speechless.

After giving birth to three sons Midge was hoping that her fourth pregnancy would bring a girl. When she was born, Dr. Zollinger said "Here is your rosebud". The Doctor always called Beth by that name.

Notes for DONALD ABIA CHIPPS:

After graduating from Scott High School Donald enlisted in the Navy, serving during the Korean conflict. He was discharged in 1952.

Donald worked for Ohio Bell for 38 years as a PBX specialist.
